

Saturday Quiz:  
15 More Kentucky Birds

# Quiz directions

**For each bird, there is a series of four slides.**

- **Study the first one: if you can identify the bird, award yourself three points. Feel free to use your field guide.**
- **If you're not ready to ID the bird, go to slide number two (same bird, more showing.) If you can identify the bird, give yourself two points.**
- **If you're still not ready to ID the bird, look at the third slide. If you can identify the bird, give yourself one point.**
- **The fourth slide will reveal the bird's identity.**

A detailed photograph of a Pectoral Sandpiper standing on a rocky, debris-covered ground. The bird is shown in profile, facing left. It has a long, straight, dark bill, a dark eye, and a head with fine brown streaks. Its back and wings are covered in a pattern of brown and white streaks, while its underparts are mostly white with some light brown spotting. The bird's legs are a bright yellow. The background is a soft, out-of-focus brown.
